

Keshav Rai

Position: Vice-President Internal

Hi, my name is Keshav Rai and I am pursuing diploma in Biology at Langara. I am actively involved in community-run projects that aim to improve effectiveness and accessibility of individuals. In my spare time, I enjoy playing sports and recently joined a community Badminton team. I enjoy reading articles and books about personal development and new scientific approaches made by technology and stay up-to-date with current trends and development in my field of interest.

The greatest leader is not necessarily the one who does the greatest things. He is the one that gets the people to do the greatest things. Working in the fast-paced hospitality industry has given me knowledge and experience in stepping up to the plate in terms of leadership, patience, professional interaction all while keeping in mind who and what I represent. I have learned to analyze, assess and evaluate risk, potentiality, and forecasting. As a previous volunteer of the Langara Students' Union, I hold experience about operations, the programs and services the students' union have to offer. I, Keshav Rai, hold a vision of becoming VP Internal at LSU and therefore strongly believe that I can contribute in taking this organization to greater heights by providing the students at Langara with new and enhanced services and bring about a fresh experience and prospect. If elected, I plan on working to bring new events and awareness programs to campus. Therefore, please vote for me as your VP Internal. Thank you!
