

Name: Navreet Gill

Position: VP Student Life

PROFILE STATEMENT:

I am a Langara student who is interested in contributing to a welcoming, inclusive, and connected campus community. My work and volunteer experience has developed me skills in communication, teamwork, responsibility, adaptability, and working with diverse groups. I have experience supporting events and maintaining safe environments, including volunteering at the KPU Bhangra Event. I hope to bring an approachable, collaborative, and student-focused perspective to the role of Vice President Student Life.

PLATFORM STATEMENT:

As a candidate for Vice President Student Life, I want to help create a campus where every student feels welcome, included, and encouraged to participate. I want to create more opportunities for students to connect through social, cultural, recreational, and community-building activities, while listening to student feedback to guide future events. I also want to work closely with LSU committees, student clubs, and campus services to ensure events reflect the diversity of our student community and are accessible to students with different cultures, abilities, schedules, interests, and needs. I believe student well-being and community connection are important parts of the Langara experience, and I would support initiatives that help students connect with one another and learn about available resources and services. I also want to create more opportunities for students to share their ideas and concerns and work collaboratively to address them. Through communication, collaboration, and student input, I hope to make LSU events more engaging, approachable, and accessible, including students who may be new to campus or attending an event for the first time. My goal is to help build a stronger, more inclusive, and connected Langara community.
